

MASTER BAKERS MAKE 17 CENTS MAXIMUM PRICE

Continue Size of Loaf But Suspend
20 Cent Mark—Further
Advance Later.

A uniform price of 17 cents for a 22 ounce loaf of bread was established by master bakers of the tricity at a meeting held Tuesday afternoon, William H. Korn of the H. Korn Baking company has announced, also forecasting that another raise will be necessary in 30 days.

The 26 1/2 ounce loaf at 20 cents and the 18 ounce loaf at 15 cents, proposed prices, gave way to the regulation size loaf, the largest to sell at 17 cents and the smaller loaf at 13 cents. Former prices were 15 and 10 cents, respectively.

Rye and graham bread will sell at 13 cents for an 18 ounce loaf instead of the former pound loaf at 10 cents.

Holls and pastries will advance in price proportionately.

Another Raise Coming.

Mr. Korn said that the bakers have about a 30-day supply of flour and other supplies on hand, which will allow them to sell bread at a maximum of 17 cents a loaf for the next month, after which another raise in price will be necessary to cover the cost of higher market prices of flour and sugar. Another item that the bakers say is in part responsible for the forecasted increase in bread prices is the increased cost of coke.

Mr. Korn declared that six months ago flour could be purchased at \$10 a barrel while the price today is \$15.25 per barrel in carload lots. Sugar six months ago was selling for 13 cents per pound. The bakers say they are lucky now to get sugar at 20 cents per pound. Condensed milk containing eight per cent fat formerly sold at 12 cents. This milk cannot be purchased in the market today and the best bakers can buy is skimmed milk which sells for 17 cents.

NICE BROWN

Kid pumps. Some sizes left in that \$4.50 clean up sale at Bert's Boot Shop.

WAY BEYOND

All expectations, marks the record on the sale of ABRAHAM'S PECAN ROLL. Oh, my, but they are good.

ALL CARS MUST BE PARKED OFF MAIN AVENUES

Police Chief Issues Orders Against
Leaving Machines on Principal
Thoroughfares.

Beginning today the parking of automobiles is forbidden on Third avenue from Fifteenth to Twenty-fourth street and on Second avenue from Fourteenth to Twentieth street.

Under order of Police Chief Tom Cox "no parking" signs are being placed along these thoroughfares, and patrolmen and motorcycle policemen were given instructions to enforce the order to the letter.

Due to the large increase in the number of automobiles Second and Third avenues are almost choked to traffic during the busiest hours when parked cars line both sides of the avenues.

Parking of cars will be permitted on side streets, but car owners are cautioned to be sure and park their cars in accordance with the city ordinance, which provides that no car shall be parked within 20 feet of a corner or 25 feet of a fire hydrant. Another stipulation also makes it unlawful to park a machine in such a way as to block the entrance from the street to a theatre, office or like building.

Avert Accidents.

It was declared that the only way serious accidents can be averted on Second and Third avenues is to keep drivers from parking on these thoroughfares. Several such accidents have occurred on these avenues in the last year, some of them directly due to the parking

of cars along the curbs. Violators of the new order will be arrested and fined.

Wonder at Crowd? They Only Sought Class Play Seats

Licensed to Wed

Many people thought a revolution had broken loose in Rock Island Tuesday afternoon when they saw the crowd waiting in front of the Illinois theatre to make reservations for the senior class play, "A Pair of Sixes," which is to be given Thursday and Friday. There was a sure enough mob there stretching in a line from the Illinois half way down the block on the sidewalk. From such a rush for seat reservation it looks as though the play would be a financial success.

Business Manager Wilfred Eiteman this morning announced that the house was practically filled for Friday night and that a few seats could still be had here and there for the initial performance Thursday. There is still quite a few 50-cent seats in the balcony for both nights, however.

Everything is ready for the rising of the curtain tomorrow evening. All of the properties are in the place and a dress rehearsal is scheduled for Friday morning at 9 o'clock. Practices have been held

every night this week and the cast is now in every way prepared for the rise of curtain and the footlight glare.

AMOO GROTTO HAS
LARGE DELEGATION
AT MOLINE EVENT

Members of Amoo grotto to the number of about four hundred were present at the ceremony of Zal grotto, Moline, last night. Nearly a thousand took part in the parade, and in the ceremony of the evening, the entire event being called one of the most successful ever held by the local orders.

Following the service of dinner at the Moline Commercial club, the membership took part in a parade. The Amoo grotto band and drum and bugle corps were in line. The ceremony proper was held at Turner hall, and 60 candidates were inducted.

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in the building, depends upon policies.

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded the coveted place held only by the superline.

Motorists who buy one Brunswick usually adopt it as their complete equipment. Yet this is not strange, since the tire one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

We Say To You

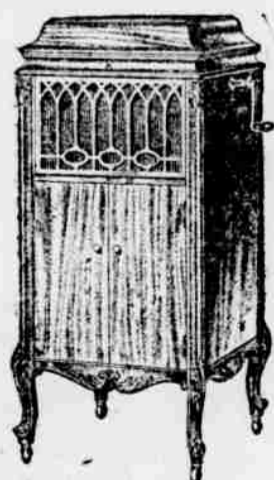

LET tone decide which phonograph you buy. Listen to different instruments, ask to have different records played. Compare The Brunswick with other phonographs.

The Brunswick plays ALL records, whatever make. And plays them exactly as they should be played, with the proper diaphragm, needle, etc. And our all-wood Tone Amplifier gives them greater richness.

We will be glad to prove to you that The Brunswick is the one phonograph you want. And to offer the same way of proving that Brunswick Records bring new standards.

We abide by your decision.
